Welcome to Lime Signs

Quality. On Time. On Budget.

Lime Signs is a Queensland family owned and operated signage company centrally based between Brisbane and the Gold Coast, servicing areas from Northern NSW to the Sunshine Coast.

Working with signs for many years, we can provide an all-encompassing service - from design and manufacture to install. We will work with you and your designer, and liaise with shopping centre management, architects and brand managers from design and quoting through to signoff.

We pride ourselves on our prompt and professional service, with over 20 years of experience we're committed to getting your job done right the first time, on time and on budget.

Find out why we're Queensland's leading signage experts at re-branding and new fit-out signage - call today for a FREE quote!

Welcome to the Lime Family

First Time. On Time. On Budget.

We know your time is precious, and you want quality signs that produce results, on time and on budget - Lime is here to help:

Signs the Lime Way

Ordering signs shouldn't be complex, and at Lime we have a simple process to get it right first time.

Follow this easy step-by-step guide to take the stress out of signage:

1. GIVE US A CALL OR EMAIL

We're available 24/7 to answer any questions and field your enquiry. Our experienced sign consultants will gather some initial information and arrange a time for a meeting if necessary.

2. WE LISTEN

Your Lime signage expert will look over your specs or meet you on site for a no-obligation free quote. Our aim is to understand what you need and when you need it by.

3. WE QUOTE

Our team of Estimators will work hard to get you the best possible signs for the best possible price. We always aim to have a full and professional quote to you within 24 hours. Once you're ready to proceed, just pay a 50% deposit to get your design underway.

4. WE CREATE

Our Graphic Design team will provide you with professional artwork proofs for your consideration and feedback. Our quotes all include unlimited artwork changes, and we won't print until it's absolutely perfect!

5. LETS GO

Once you're happy you can submit your approval. Our production manager will be in contact with you throughout the fabrication process, giving you updates and feedback throughout the fabrication phase.

6. WE INSTALL

Our friendly and professional install team will meet you onsite to complete the professional install of your finished product. They'll also provide you with a balance invoice for payment and some care instructions to keep your signs in great condition for many years to come.

YOUR PARTNERS IN SIGNAGE

As a Queensland family-owned and operated business, customer service is at the forefront of everything we do. We're not a franchise, and like a lot of our clients, we started small and have grown dramatically to the business we are today.

We don't do land lines and receptionists - call us on our mobiles 24/7 for instant customer service and advice.

Your business success is our business success - Welcome to the Family!

ONE STOP SHOP - ITS ALL IN HOUSE

From concept, to design, to manufacture and installation, we have the staff and equipment to tackle any signage job in-house - meaning we're fast and efficient!

Our team of Graphic Designers, Fabricators, Print Production and Installers are committed to producing outstanding, safe and productive signs that get you results!

Pop into our factory anytime to meet our passionate team.

QUALITY FIRST

We make signs to get results - whether its reinforcing brand messaging, standing out from the crowd on a busy street or just simply directional signage - it's worth doing right, and doing it once.

We're invested in making sure your project is completed without re-do's or fix-ups - we plan properly from the beginning to save time at the end.

We only use quality materials from reputable suppliers - as they say, do it right - do it first time.

ON YOUR BUDGET

With over 30 years experience, we know how tight a budget can be when starting a new business - and we want to help you out.

We'll work with you and your budget to get the results you need, at the price you need.

We're invested in your future - the more you succeed, the more we can work together!

ON TIME. EVERY TIME.

We know how stressful it can be opening or rebranding on a tight deadline, with a never ending list of project management tasks and contractors to deal with.

We like to make dealing with Lime as stress free as possible - we're known for our ability to meet tight deadlines, and will go above and beyond to make sure we don't let you, or your project down.

HP CERTIFIED COMPLETE SOLUTIONS SITE

Lime Signs is a HP Certified Complete Solutions Site, utilising the complete USA made range of outdoor & indoor substrates banners, self-adhesives, films, fabrics, paper, & speciality options.

Using their advance HP Latex 300 Series printers we can produce some amazing graphic solutions.

Shopfront Signage

The Future Face of Your Business - Get It Right!

80% of people judge your business and its quality before they even set foot in your shop - get the message right from the beginning with Lime Signs

CHOOSE FROM

- ALUMINIUM COMPOSITE SIGNAGE - ACM (6-7)
- SAILTRACK FLEX BANNER SIGNAGE (8-9)
- WINDOW GRAPHICS AND SIGNAGE (10-11)
- TOWERS AND FREESTANDING SIGNAGE (12-13)

Exterior Mounted ACM Panels

Wall Mounted Panel

On-Awning Fascia Sign

Under Awning Hanging

EWP Lift Access

On Roof Freestanding

Building and Shop Signage - ACM Aluminium Composite Material.

Stand out on the street front, with big and bold building signage from the versatile Aluminium Composite Panel.

Aluminium Composite Panel (ACM) is made from a thin plastic sheet sandwiched between 2 aluminium skins. With a full colour digital print applied, the result is a lightweight, durable and tough exterior signage with stunning effect.

It makes up approximately 90% of street signage you see today.

With the capacity for routing and folding there's no job too complex or creative for Lime Signs.

ACM can be:

- Shape Cut and Routed
- Folded to Create Neat Edges and Returns
- Router cut with logo and Illuminated
- Cut Lettering

Choose from:

Router Shape Cut

Folded with Returns

Intra-Cut and Illuminated

Wall Banner Signage

Wall Banner Signage

Sailtrack Flex Banner Signage

Make BIG Signs, Seamless and Impressive.

If you have a large area to cover, treat it like a Billboard and get some real impact!

Flex or Sailtrack Banners are an outdoor grade 610gsm PVC that is direct printed with full colour Latex ink. With welded kedard rope to the outside edge, they can be stretched across an aluminium frame - creating a cost effective, quick to install large format sign.

Stitched and welded together with a virtually invisible join, the size of your sign is unlimited.

Useful for:

- Large-scale building signage
- Shop Banner Awning Fascias
- Building Hoardings
- Cost effective material
- Quick to install and saves on labour costs

Choose from:

Building Hoardings

Roadside Sailtrack Signs

Large Shopfront Signs

Banner Awning Fascias

Wall Banner Signage

Quick to Install

At **Lime Signs** we pride ourselves on our capability to produce, fabricate and manufacture all of our signage under one roof! It means we're fast, economical and assured of the quality of our work.

Whether its:

- **Welding & Metal Fabrication**
- **CNC Machining**
- **LED Illumination and Wiring**
- **Vinyl Application**
- **Acrylic Fabrication**
- **Custom Builds**

Lime Signs has the machinery and expertise to turn it from a concept to a reality.

Illuminated Signage

Be Bright. Be Bold - 24/7 Branding

LED technology has advanced the ways in which your signs can be lit - from 3D fabricated letters, backlit logos and under awning lightboxes we will craft you the perfect sign.

CHOOSE FROM

- ILLUMINATED LED LIGHTBOXES (18-19)
- 3D ACRYLIC ILLUMINATION (20-21)
- ILLUMINATED RECEPTION SIGNS (22-23)
- LED NEON FLEX-TUBE (24)

Illuminated LED Lightboxes

Simple. Durable. Effective.

LED Lightboxes create visual impact day and night.

Place them on your building fascia, Under-Awning 2/sided, Freestanding and on pylons to attract 24/7 attention from any angle. Digitally printed graphics illuminate on opal acrylic or flex banner faces, that give a flexible signage asset that is custom built to size.

Rectangle, round and everything in-between, these LED lightboxes are efficient to run and create real bang-for-buck.

Choose from:

- Single Sided Fascia or Wall Mount
- Double sided Under Awning Mount
- Slimline Menu or Interior
- Freestanding Pylon
- Intracut LED

Many custom options are available - call Lime Signs for a free on site quote to suit your needs.

Choose from:

3D Built Out Letters

Intracut and Rear Illuminated

3D Acrylic Illumination

Be Big. Be Bold. Be Bright.

Get attention from every angle day AND night. 3D Illuminated signs create a wow factor that can't be beaten.

3D LED Letter signs are customisable to suit a range of budgets and business sizes. Sleek, modern and professional, illuminated 3D letters are now the requirement for many upmarket shopping centres and precincts. Fabricated to order these custom 3D LED signs set you apart from the competition.

With a wide range of materials and styles to choose from, there's no 3D illuminated LED job too complex or creative for Lime Signs.

Choose from:

- 3D Fabricated Front and Side Lit
- Halo Backlit 3D LED
- Slimline Face-Lit
- LED Neon

Choose from:

3D Fabricated Front and Side Lit

Halo Backlit 3D LED

Slimline LED Face-Lit

Halo Illuminated 3D

Halo Illuminated 3D - Warm Light

Internal Illuminated 3D Slimline

3D LED Letters

Illuminated Intracut Panel

Halo Illuminated 3D Lettering

Illuminated Reception Signs

Impact on your business entry.

Reception and foyer signage is the first impression your business makes on a customer. It sets the mood for your workplace – it can be calm, bold or exciting.

Choose from a selection of finishes to suit your budget - from 3D laser cut illuminated letters, to a simple standoff panel on a wall with Halo Illumination. Reception and foyer signage create a sense of presence and arrival in even the smallest of offices.

- Small sign with maximum impact
- Most important interior signage
- Sets the tone for the whole workplace

Many custom options available - call Lime Signs for a free on site quote to suit your needs.

Choose from:

3D LED Illuminated

Panel Mounted Standoffs

Intracut Panel

Halo Illuminated Lettering

Halo Illuminated 3D Lettering

Halo Illuminated Logo

Circular Intracut LED Sign

Wall Mounted Neon

Circular Multi Colour LED Neon

Multi Colour Neon

LED Neon Flex Tube

Glamorous, Beautiful and On-Trend.

Nothing Glows Like Neon.

The most recent advancement in LED technology, LED neon flex is a flexible plastic illuminated tubing that can be formed into any shape imaginable. Unlike conventional glass neon, these will never shatter, leak or lose vibrancy, and cost a fraction of traditional neon to run.

Create complex text shapes and figures, or use to highlight building features.

- Highly Vibrant Colours
- Choose White, Red, Blue, Green, Yellow or Pink
- Power Efficient LED
- Cutting Edge Technology
- Long Lasting and Durable Exterior

Many custom options are available - call Lime Signs for a free on-site quote to suit your needs.

Interior Signage

Your Workspace is a Crucial Brand Space

Indoor signs can make a big difference to the look and feel of your space and what people think of your business. Help your customers feel confident in your products and services with indoor signs that take your space from ordinary to excellent.

CHOOSE FROM

- WALL WRAPS & GRAPHICS (28-29)
- WINDOW FROSTING (30-31)
- RECEPTION SIGNAGE (32-33)

Photo Wall Wrap

Large Interior Wall Wrap

Wall Graphics and Wraps

Transform a room with creative wall graphics.

Banish white office walls and bring some vibrancy and creativity to the workplace.

Wall Wraps and Graphics can transform a room into a creative, stimulating work environment - use images, graphics, motivational text and more to generate an office or retail feel like one of the tech giants!

There's no limit to what can be achieved!

- Add Fun and Vibrancy to any Room
- Motivate and Stimulate
- Creates a Sleek and Professional Look
- Eye Catching and Mood Setting
- Great for Medical and Health Professionals

Window and Office Frosting

Classy, Premium Privacy.

Create privacy without sacrificing light, Window Frosting can be used to give your customers a sense of safety whilst providing a subtle branding message.

Shopfronts, medical practices, offices and meeting rooms can be transformed, whilst maintaining a light, bright and inclusive workspace.

Window frosting can be digitally printed or negative cut to introduce branding and design ideas.

- Negative Cut with Branding or Design
- Full Colour Print
- Creates Privacy with a Professional Look
- Keeps Natural Light in the Workspace
- Great for Medical and Health Professionals

Choose from:

Shopfront Frosting

Decorative Frost

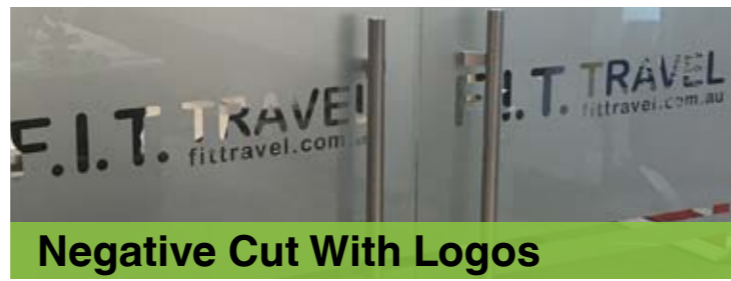

Decorative Partial Frost

Digitally Printed

Decorative Frost

Negative Cut With Logos

Partial Office Frost

Reception Signage

Impressive Internal Branding

Usually the first piece of branding a customer encounters is your reception signage, and the style, finish and professionalism it projects reflects on your business.

Choose from a selection of finishes to suit your budget - from 3D laser cut Acrylic letters, to a simple standoff panel on a wall . Reception and foyer signage create a sense of permanence, impose and exude quality.

- Sleek, professional and set the mood.
- Impact from the moment the door opens
- Creates a reception space where there isn't one.

Many custom options available - call Lime Signs for a free onsite quote to suit your needs.
